The Missouri Medicaid Audit and Compliance (MMAC) unit is requesting authority to hire 8 new FTE due to new provider types being added and new Medicaid waiver programs being implemented. MMAC is also requesting additional authority of \$77,500 from the Medicaid provider enrollment application fee funds (Fund 0990 - Medicaid Provider Enrollment Fund). This will be used to cover costs for 1 vacant FTE that has not been filled due to PS shortfalls.

**Section 11.040 – Recovery Audit Contract (RAC)**

Book 1, Page 190

**Description:** The federal government requires states to contract with a Recovery Audit Contractor to identify and recoup Medicaid provider overpayments. The Recovery Audit Contractors will function similarly to the way they do in the Medicare program. State Medicaid programs may contract with one or more RACs to identify underpayments and overpayments (and recoup overpayments). Payments to Medicaid RACs are contingency-based and linked to the payment inaccuracies the contractors are able to identify. The contractor will review MO HealthNet system data and provider records in order to identify improper Medicaid payments, will perform recovery/repayment activities in regard to the improper payments identified, and will perform services to prevent future improper payments. Monies collected will be deposited into the Recovery Audit and Compliance Fund (0974). The contractor will be paid a contingency percentage payment for overpayment recoveries. Any amount due the contractor will be limited to recoveries resulting from projects approved and authorized by MO HealthNet and paid from the Recovery Audit & Compliance Fund.

DLS is requesting to purchase a cloud based case management and data tracking tool. This system would allow for seamless multi-location and intra-DLS collaboration and vastly streamlined case management, teamwork, document management and sharing, and performance analytics. The complexity of organizing data requires a database that can: (1) provide case status, (2) accurately track case management progress, (3) enable the user to create new documents and attach documents to a case, and (4) provide accurate reports an data in a timely wat to increase productivity. DLS must accurately track legal case management progress to determine practice matrices, markers and performance. Total costs are \$143,000 (\$12k in 1x). DSS has withdrawn this request.
